I have gotten a response back from our programmers and this is what he siad

" This isn't a programming or IT issue. This user needs to contact the court regarding this case. I see where the documents mentioned were filed, but there's been no action taken on them from the court at this time. Nothing has been processed or signed. There's nothing for us to send notice on."

The Plaintiff and I are both listed to receive electronic notice but the clerk has failed to provide electronic notice of any actions in the District Court.

On December 23, 2025 The Plaintiff filed Notice of Appeal with Appellant's Request for Preparation of Clerk's Record in case No. 202572470- 7 in the 269th Judicial District Court.

Plaintiff/Appellant has not received information relating to the Clerk's Record for this appeal. Plaintiff/Appellant has not been receiving electronic notices of any action in the 269th District Court as required by state law and is now concerned with not receiving any information related to her Notice of Appeal or Request for Preparation of Clerk's Record.

Plaintiff/Appellant would like to know when she can expect to receive information from the Court of Appeals assigning a case number and would like to know when she can expect to receive the clerk's record and 1st court of appeals case number for this filing?

Respectfully, Candace Curtis
